APPROVED MINUTES
CITY COUNCIL
REGULAR MEETING
CITY OF WYOMING, MINNESOTA
FEBRUARY 20, 2024
7:00PM

CALL TO ORDER:

Mayor Lisa Iverson called the Regular Meeting of the Wyoming City Council for February 20, 2024 to order at 7:00 PM

CALL OF ROLL:

On a Call of the Roll the following members of the Wyoming City Council were present: Councilmembers Lisa Iverson, Linda Nanko Yeager, Dennis Schilling, Brett Ohnstad, and Claire Luger

ABSENT: None

Also Present: Tom Loonan, Eckberg Lammers, Robb Linwood, City Administrator, Grant MacFarlane, Assistant City Administrator, Mark Erichson-WSB, Neil Bauer - Public Safety Director, and Fred Weck, Zoning Administrator/Building Official

DETERMINATION OF A QUORUM:

PLEDGE OF ALLEGIANCE:

OPEN FORUM:

Bonnie Christensen, 24679 Hale Avenue, Forest Lake – Asked about lighting at the Gregory Contracting site. She explained that there are two lights in the parking lot area that are LED that have 7 across by 4 deep and each cell has 6 bulbs which are quite bright. She stated that Zoning Administrator Weck has done some light meter testing, but she noticed that on all the site maps for this project that she had not seen any notation or mention of these two lights in the parking lot. She stated that she would like to see an approved plan that shows these lights. She stated that the light on the southeast corner of the building faces west, towards her property, and is quite bright and believes she may have to put in some screening to help deal with this issue. She noted that she believes that Mr. Gregory at one of the meetings with the City had stated that he was not going to have lights in the parking lot. She explained that when these lights first went in, she thought they were just a temporary work light for the workers, however, they are not temporary.

Neil Rever, 24679 Hale Avenue, Forest Lake - Asked the Council and those in the Chambers to stand and take a moment of silence in honor of the police officers and firefighter that were killed in the line of duty over the weekend.

The Council and the those present in the room took a moment of silence to honor the fallen.

Mr. Rever - Stated that he would also like to comment on the Gregory Contracting property and referenced the June 20, 2023 City Council meeting and the recommendation that came forth from Kim Lindquist, Zoning Administrator Weck, and the Planning Commission which the Council unanimously approved. He read aloud a portion of the conditions of approval included that the applicant had to submit a lighting plan that complies with all standards and that all site lighting be turned off except for security lighting, one hour after closing. He stated that was not occurring and asked what the City considered security lighting and stated that there are about 60 lights located on the building. He noted that included in Zoning Administrator Weck's report, he concluded that, at that time, Gregory Contracting was in compliance with the City's requirements concerning lighting and signage. He stated that he is confused because he feels what was in the report from Mr. Weck and what the Council passed was totally different. He reiterated that the lights were not being turned off 1 hour after they close. He explained that he would also like to discuss the sign lighting as well and read aloud from the City Code which also states that the lighting should be turned off between 12:01 a.m. and sunrise. He distributed copies of the two sections of Code that he had referenced in his statement to the Council and staff.

Mayor Iverson – Noted that Gregory Contracting was scheduled for discussion later in the agenda.

APPROVAL OF MINUTES:

1. Consider approving the minutes of the "Regular Meeting" of the Wyoming, Minnesota City Council for February 6, 2024

Council Member Nanko Yeager – Stated that she had voted in favor of terminating Mr. Almhjeld which had been recorded in the minutes as 'no' vote.

A MOTION WAS MADE BY COUNCILMEMBER SCHILLING, SECONDED BY COUNCILMEMBER LUGER TO APPROVE THE MINUTES OF THE "REGULAR MEETING" OF THE WYOMING, MINNESOTA CITY COUNCIL FOR FEBRUARY 6, 2024 AS AMENDED.

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

2. Consider approving the minutes of the "Special Meeting" of the Wyoming, Minnesota City Council for February 13, 2024

A MOTION WAS MADE BY COUNCILMEMBER LUGER, SECONDED BY COUNCILMEMBER OHNSTAD, TO APPROVE THE MINUTES OF THE "REGULAR MEETING" OF THE WYOMING, MINNESOTA CITY COUNCIL FOR FEBRUARY 13, 2024 AS SUBMITTED.

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

SCHEDULED BID LETTINGS: NONE

SCHEDULED PUBLIC HEARINGS: NONE

CONSENT AGENDA:

Items under the "Consent Agenda" will be adopted with one motion; however, council members may request individual items to be pulled from the consent agenda for discussion and action if they choose.

3. To consider authorizing the payment of recommended bills, payroll, and journal entries for the period of February 7, 2024 to February 20, 2024

4. To consider **Resolution 24-02-16** a resolution declaring certain vehicles as surplus property for disposal and authorizing the Police Department to dispose of the vehicles through online auction

5. To consider **Resolution 24-02-17** a resolution approving the payment to Midcontinent Communications in the amount of $67,000.

6. To consider **Resolution 24-02-18** a resolution approving BerganKDV to conduct the annual audit services for the year ended December 31, 2023 in the amount of $38,850.

A MOTION WAS MADE BY COUNCILMEMBER SCHILLING, SECONDED BY COUNCILMEMBER OHNSTAD, TO APPROVE #3, #4, #5 and #6 OF THE WYOMING CITY COUNCIL CONSENT AGENDA.

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

ACKNOWLEDGE RECEIPT OF REPORTS OF OFFICERS, BOARDS, COMMISSIONS AND DEPARTMENT HEADS:

7. Report of the Public Safety Director, Neil Bauer for February 15, 2024

8. Report of City Building Official, Fred Weck, IV for February 15, 2024

9. Report of City Attorney Tom Loonan for February 14, 2024

10. Report of City Engineer Mark Erichson, WSB for February 16, 2024

COMMUNICATIONS:

11. 2024 Spring Medallion Hunt

Assistant City Administrator MacFarlane – Explained that plans were underway for the annual Spring Medallion Hunt which will run concurrent with the Forest Lake School District's spring break which will be March 4 – March 8, 2024. He stated that staff will be posting clues on their Facebook page and described how the medallion will look.

Mayor Iverson – Asked if there had been a prize donated by any of the local businesses.

Assistant City Administrator MacFarlane – Stated that had not been finalized yet, but they are reaching out to past sponsors.

OLD BUSINESS:

12. Gregory Contracting Lighting and Screening Update

Zoning Administrator Weck – Noted that there was information included in his staff report, but wanted to address some of the comments made during Open Forum. He stated that he did not have a concrete answer on what was considered 'security lighting'. He stated that he knows that some of the lights are on timers and can find out what they are using for security lighting. He stated that the comment related to the sign illumination, when he listened to the last City Council meeting, there had been no mention of the sign itself, but he can find out when they are turning it off and if it isn't being done by midnight, he can make sure that happens. He stated that there had also been comments about the lights in the parking lot and explained that there is a picture of them included in his report. He noted that in taking the light measurements from the property line he found that they are in compliance with the requirements. He stated that the ordinance for lighting does not say that you cannot see a light but they are not exceeding the candlepower requirement at the property line. He reiterated that he can find out about the sign and make sure it is turned off at midnight.

Mayor Iverson – Asked if there was still screening that would be coming.

Zoning Administrator Weck – Confirmed that there would still be screening coming.

Council Member Schilling – Stated that as a facilities coordinator, what is considered security lighting is pretty much any light you put on the building in order to illuminate it overnight. He stated that according to the requirement, which also matches the city he works in, this is in compliance.

Mayor Iverson – Asked if Public Safety Director Bauer had any input.

Public Safety Director Bauer - Explained that he suggests that lighting is on at all time because it does help prevent criminal activity and is a good security measure.

Mayor Iverson – Asked if her understanding was correct that the City did not have any specific verbiage in their ordinances defining specifically what security lighting would be.

Zoning Administrator Weck – Confirmed that was correct for Wyoming.

Council Member Schilling – Stated that he works in West St. Paul and they handle this the same with the requirement of having zero foot candle at property line. He asked about the lights that had the multiple LEDs and noted that those are typically used to shine up on flag poles.

Zoning Administrator Weck – Explained that they were shining on the front façade of the building.

Council Member Nanko Yeager – Asked about the picture Zoning Administrator Weck had submitted from the light meter and what measurement they were showing, lux or foot candle.

Zoning Administrator Weck – Explained that the photos had shown lux because if it would have shown the foot candle reading, that would been zero.

Council Member Nanko Yeager – Asked about the screening that was mentioned that was yet to be installed.

Zoning Administrator Weck – Explained that the approved site plan shows screening with a fence along the north and a portion of the west property line and plantings along the rest of the western property line to Highway 8. He noted that Gregory Contracting is also considering putting plantings along the north side as well, because that is where the new road will be coming through, and stated that he had communicated with Mr. Gregory that would need to come back to the City for review.

Mr. Rever – Stated that it sounds like what has been stated is that virtually any lights can be considered security lights. He stated that the City Council had voted unanimously that Mr. Gregory should turn off his lights one hour after closing which was not addressed during this discussion.

Mayor Iverson – Stated that the City does not have an ordinance or a definition of what are considered security lights.

Zoning Administrator Weck – Stated that he knows that Mr. Gregory has some lights on timers, so some of them are going off.

Mr. Rever – Stated that he can clear up which lights are going off and which are staying on.

Zoning Administrator Weck – Offered to come over to Mr. Rever's home to discuss those details and asked Mr. Rever to give him a call to set it up.

NEW BUSINESS

13. To consider **Resolution 24-02-19** a resolution approving an agreement with Lexipol, LLC for the implementation of a comprehensive Police Policy and Procedure Manual and Annual Policy Manual/Maintenance/Training Bulletins in the amount of $21,536.10

Public Safety Director Bauer – Noted that he had an additional handout for the Council that will assist in their discussion. He stated that the Department's policy manual still needs a significant revision. He explained that last year the City had contracted with Eckberg Lammers to help with the initial revisions but found this was a much larger undertaking than they had anticipated. He stated the City and Eckberg Lammers came to an agreement that they would refund half of the amount the City had paid and would also give us credit for training. He outlined the importance of having update policies and procedure manuals and reviewed what Lexipol can offer. He gave examples of other entities and agencies that utilize Lexipol for this type of service. He reviewed the proposal from Lexipol for this process and admitted that while it is an expensive service, but in the end, they will have a policy manual that is current. He explained that he was able to see a demo last week and thought the process of how things are updated and pushed out is a pretty cool process. He outlined the total cost for this project and what was included and noted that the initial cost would be paid for out of the Public Safety Aid Funds but noted that the annual maintenance costs would need to be addressed in future budgets.

Mayor Iverson – Asked if there would be any way for the area cities to work together for these costs. She asked if the updates would be the same for everyone or if they would be different so the cities could not join together and work on the same policies.

Public Safety Director Bauer – Stated that the policies are copywritten so he could not just copy another one. He stated that this does allow you to publish these online which most cities do. He explained that if they partnered up, the City would not be able to get the updates.

Mayor Iverson – Asked what other companies do this type of work.

Public Safety Director Bauer – Explained that Lexipol has pretty much a monopoly on this type of work.

Mayor Iverson – Stated that she understood that this initial cost the City would already have covered and asked if the expectation for the yearly updates would increase every year.

Public Safety Director Bauer – Stated that he would anticipate that the yearly cost may increase each year, but noted that he actually wasn't sure how long the contract was good for.

Mayor Iverson – Asked where the 'rules' would be coming from for the updates.

Public Safety Director Bauer – Explained that Lexipol has an entire staff that is monitoring what is going on with State statutes and case law.

Mayor Iverson – Stated that if the City publishes this for transparency purposes, this would be something to help the City ensure that various entities may not focus on the City. She stated that she likes the idea that this would put everything out there and be transparent for the entities that may be watching.

City Administrator Linwood – Noted that the contract length is an annual contract and requires 60 days-notice from either party for renewal.

Public Safety Director Bauer – Noted that the City will get to keep the manual regardless of whether they terminate the contract at the end of year, but would not be able to get the updates in that scenario.

Council Member Ohnstad – Asked if Public Safety Bauer had noticed that Lexipol had included a lot of things that he would not have thought to include, for example, aircraft accident.

Public Safety Director Bauer – Stated that the City currently has 75 and some are many outdated. He agreed that there are things included that he never would have considered, but there are also 10-15 that the City may not actually need because it would not apply to Wyoming.

Council Member Schilling – Stated that what he has seen with software agreements for updates is usually between 3% and 5% annual increases and noted that the contracts states that they will let them know the following year what any increases may be.

Council Member Luger – Asked if case law determines what 'best practice' would be.

Public Safety Director Bauer – Stated that all of those things influence policy but none are prioritized over each other however there are times where State statute comes out and says that there are certain things that need to be included by a specific date.

Council Member Luger – stated that the things that are included in different tiers appear to be things that are part of the collective bargaining contracts and asked if Lexipol would take that into account.

Public Safety Director Bauer – Assured the Council that they would take that into account and would be part of their weekly meetings. He noted that it would be his responsibility to present the collective bargaining agreement with them and make sure that the policies reflect that.

Council Member Luger – Asked how the City would implement this with their patrol.

Public Safety Director Bauer – Explained that there is a knowledge management platform and the patrol would receive information anytime there is a new update and stated that they would also be reviewed at their quarterly meetings.

Council Member Nanko Yeager – Asked when the City had such an extensive update to the policy.

Public Safety Director Bauer – Stated that it would have been prior to his joining the City and noted that many of the dates show 2010.

Council Member Nanko Yeager – Stated that the pricing appears to be per officer and asked if that was just sworn officers and asked if the pricing would increase if the City increased their officers.

Public Safety Director Bauer – Confirmed that this was just for sworn officers and agreed that if the City hired more officers, the annual pricing would increase.

> **A MOTION WAS MADE BY COUNCILMEMBER OHNSTAD, SECONDED BY COUNCILMEMBER LUGER, TO APPROVE <u>RESOLUTION 24-02-19</u> A RESOLUTION APPROVING AN AGREEMENT WITH LEXIPOL, LLC FOR THE IMPLEMENTATION OF A COMPREHENSIVE POLICE POLICY AND PROCEDURE MANUAL AND ANNUAL POLICY MANUAL/MAINTENANCE/TRAINING BULLETINS IN THE AMOUNT OF $21,536.10**

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

14. To consider **<u>Resolution 24-02-20</u>** to approve the purchase of one GridBee GS-9 Mixer to be installed at the South Water Tower for the Wyoming Department of Public Works in the amount of $23,556

City Administrator Linwood – Explained that this was something that was identified last year as part of the 5 year utility rate study for the addition of a mixer for the South Water Tower to help preserve water quality. Staff recommends approval.

Mayor Iverson – Confirmed that this cost would be coming out of the Water CIP budget. She asked for a description of what this installation process will look like.

City Engineer Erichson – Reviewed the process for installation of a mixer into the water tower.

Mayor Iverson – Asked how long this mixer would be expected to last.

City Engineer Erichson – Stated that he believes it has a warranty of a minimum of 5 years, but noted that typically they will last much longer than that.

City Administrator Linwood – Stated that KLM had indicated to him that in most communities they last 10-15 years.

Mayor Iverson – Asked if KLM was a local company or from out of State.

City Engineer Erichson – Stated that he believed they were based in Woodbury.

Council Member Schilling – Confirmed that when they drain down the tanks they just shut it off and don't actually dump the water.

Mayor Iverson – Asked if it may be possible to video tape the installation because she was curious about the process of installation.

City Engineer Erichson – Stated that they can document this process and noted that the City's other tower near the bowling alley has a mixer and thinks they can even take some photos during the regular maintenance process.

Council Member Nanko Yeager – Noted that it appears as though installing a mixer is a simple solution to the problem.

Council Member Schilling – Noted that it should be known to the public that this will not change the discoloration when they flood the hydrants.

Council Member Ohnstad – Stated that he had looked up the pricing for the Gridbee GS-9 and asked for an explanation of why this proposed costs is so different than the base cost.

City Administrator Linwood – Stated that the total costs reflects hooking up the panel, electrical work, control box work and noted that there is quite a bit of labor and time that goes into this kind of installation and getting it hooked up to the SCADA system.

A MOTION WAS MADE BY COUNCILMEMBER SCHILLING, SECONDED BY COUNCILMEMBER OHNSTAD, TO APPROVE <u>RESOLUTION 24-02-20</u> TO APPROVE THE PURCHASE OF ONE GRIDBEE GS-9 MIXER TO BE INSTALLED AT THE SOUTH WATER TOWER FOR THE WYOMING DEPARTMENT OF PUBLIC WORKS IN THE AMOUNT OF $23,556

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None

Absent: None

15. To consider **<u>Resolution 24-02-21</u>** a resolution approving the purchase of a New Holland C332 Tracked Skid Loader with attachments from Baribeau Implement Company, Inc. in the amount of $50,998

City Administrator Linwood – Explained that this was an item that was due for replacement in 2024 the CIP. He noted that the total costs reflects a trade in of the existing skid steer and the replacement of the snow blower that is utilized for bigger jobs. He stated that the City had budgeted $80,000 for replacement of this unit and reviewed some of the due diligence that was conducted as part of this process. He stated that staff is also recommending moving forward with the annual cost of $3,000 buy-back upgrade option, which means that if the City doesn't go over 500 hours on the unit, they essentially get a new unit every year and noted that the City has not ever come close to the 500 hours.

Mayor Iverson – Stated that this was coming in about $30,000 under what the City had budgeted and asked for those excess funds would go.

City Administrator Linwood – Stated that was included within the CIP fund and explained that they are evaluating the rest of the purchases that are slated for this year, but the City could have a bit of a surplus in the CIP.

Mayor Iverson – Asked when this equipment would be delivered to the City.

City Administrator Linwood – Stated that this equipment is something that will be readily available and believes that the City will have it within 4-6 weeks. He stated that the City would need to put the logos on, but that will be a nominal cost.

Mayor Iverson – Asked how unique the offer of $3,000/year was for this type of thing.

City Administrator Linwood – Explained that his understanding is that there used to be a few companies who used to do this, but stopped due to the number of cities that were taken them up on it and issues with the number of machines that they would get back and not be able to move. He stated that staff really thought that this was something that made sense because of the return on investment.

Council Member Nanko Yeager – Asked what would happen if the City does go over 500 hours on the unit.

City Administrator Linwood – Stated that the City would not be eligible for the buy-back that year but reiterated that the City has not ever gotten to 500 hours and noted that he believes the highest he saw in their data was close to 300 hours. He stated that with this buy-back program he believes the City will be very mindful of the hours on this unit.

A MOTION WAS MADE BY COUNCILMEMBER OHNSTAD, SECONDED BY COUNCILMEMBER SCHILLING, TO APPROVE <u>RESOLUTION 24-02-21</u> A RESOLUTION APPROVING THE PURCHASE OF A NEW HOLLAND C332 TRACKED SKID LOADER WITH ATTACHMENTS FROM BARIBEAU IMPLEMENT COMPANY, INC. IN THE AMOUNT OF $50,998

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

16. To consider **<u>Resolution 24-02-22</u>** a resolution approving the purchase of the chassis of a 2025 Western Star from Boyer Ford Trucks on a State bid contract and equipment and outfitting from Towmaster in the amount of $333,605

City Administrator Linwood – Explained that this item had been added due to the ongoing equipment issues. He stated that if this is approved, they anticipate that the City would receive it this fall. He stated that this is part of the 5 year CIP to replace a 2008 vehicle and outlined details of the replacement vehicle and the State contract pricing and equipment. He reminded the Council that the City had initially budgeted $235,000 for this equipment and had discussed the possibility of covering the remaining amount with an interfund loan from the Sewer Fund.

Mayor Iverson – Asked City Administrator Linwood to give an explanation of interfund loans and how this fund has this amount of money in it without overtaxing the residents.

City Administrator Linwood – Gave a brief explanation of the interfund loan process and how the City essentially pays itself back for the loan. He stated that the City had done something similar in 2019 when they purchased a plow truck.

Council Member Nanko Yeager - Asked if this truck would be replacing another truck.

City Administrator Linwood – Confirmed that it would be replacing the 2008 MAC truck and noted that Public Works believes that this will most likely be the last tandem plow that the City will have in its fleet and reviewed how it was expected to be used.

Council Member Nanko Yeager – Confirmed with City Administrator Linwood that the last interfund loan was in 2019 and that it had been retired. She noted that she remembers there being conversations in the past about interfund loans not necessarily being a great idea.

City Administrator Linwood – Stated that he did not recall that conversation and noted that interfund loans are a pretty common practice.

Council Member Nanko Yeager – Stated that she thought it had been mentioned at a budget meeting that it may not have been such a great idea.

City Administrator Linwood – Reiterated that he did not recall that conversation and noted that if the current Finance Director with Abdo felt that way, he believes that they would have discussed it as part of their 2024 budgeting process.

Council Member Nanko Yeager – Asked if there may be a situation in the next 5 years where the City may need the money that was taken out of this fund through the loan process.

City Administrator Linwood – Stated that he was not aware of anything coming up where they would need those funds that hasn't been identified in the current water/sewer rate study.

City Engineer Erichson – Outlined what had been evaluated in the sewer system and stated that as part of this process they did not see anything within the next 5 year window that would require any upgrades to the sanitary sewer pipe.

Mayor Iverson – Asked if it had been this Council who set up the interfund loans.

City Administrator Linwood – Stated that it may not have been the complete current Council because it took place in 2019. He reiterated that interfund loans are a fairly common practice for municipalities.

A MOTION WAS MADE BY COUNCILMEMBER LUGER, SECONDED BY COUNCILMEMBER SCHILLING, TO APPROVE <u>RESOLUTION 24-02-22</u> A RESOLUTION APPROVING THE PURCHASE OF THE CHASSIS OF A 2025 WESTERN STAR FROM

BOYER FORD TRUCKS ON A STATE BID CONTRACT AND EQUIPMENT AND OUTFITTING FROM TOWMASTER IN THE AMOUNT OF $333,605.

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

17. To consider **<u>Resolution 24-02-23</u>** a resolution authorizing the interfund loan from the Sewer Fund (602) to the Capital Equipment Fund (401) to fund the purchase of a plow truck

A MOTION WAS MADE BY COUNCILMEMBER IVERSON, SECONDED BY COUNCILMEMBER LUGER, TO APPROVE <u>RESOLUTION 24-02-23</u> A RESOLUTION AUTHORIZING THE INTERFUND LOAN FROM THE SEWER FUND (602) TO THE CAPITAL EQUIPMENT FUND (401) TO FUND THE PURCHASE OF A PLOW TRUCK

Roll Call Vote:
Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

COMMUNICATIONS:

COUNCIL REPORTS:

Council Member Ohnstad – Attended the Council Work Session earlier tonight.

Council Member Nanko Yeager – Attended the Special Council meeting and the City Council Work Session. She thanked Ms. Christiansen and Mr. Rever for bringing their concerns to the Council.

Council Member Luger – Attended the Special Council meeting last week and the Council Work Session earlier this evening.

Council Member Schilling – Attended the EDA meeting last Monday, the Special Council meeting last week as well as the Council Work session earlier this evening.

Mayor Iverson – Attended the EDA meeting, the Council Work Session, the Special Council meeting, and she and City Administrator Linwood met with several Representatives a few weeks ago regarding the City's Public Safety building. She stated that they also attended the County meeting where, Ben Winchester, from the University of Minnesota, made a presentation regarding housing that she thought was very good. She stated that she attended the Armer Radio negotiation meeting last week.

A MOTION WAS MADE BY COUNCILMEMBER LUGER, SECONDED BY COUNCILMEMBER SCHILLING, TO ADJOURN THE FEBRUARY 20, 2024 "REGULAR MEETING" OF THE WYOMING, MINNESOTA CITY COUNCIL REGULAR MEETING AT 8:20 PM

Voting Aye: Schilling, Nanko Yeager, Luger, Ohnstad, Iverson
Voting Nay: None
Abstain: None
Absent: None

<u>A portion of this public meeting may be closed to discuss "Labor Negotiation Strategies"; "Misconduct allegations or charges"; "Attorney-client privilege"; or</u>

“Performance evaluations” as per MN State Statute 13D.01-.05.

NEXT REGULAR MEETING:
MARCH 6, 2024
7:00PM
