Date: January 9, 2023

Presented to: Mayor Iverson and City Council Members

Presented by: Robb Linwood, City Administrator

Department: Administration

Reference: Public Safety Building/Wold Architects Work session

Method: New Business

Background Information:

The City Council has approved Wold to move into construction document design, which is anticipated to be completed in January/February of 2023. On December 13, 2022 as part of the finalizing of plans Wold Architects received input from the Wyoming City Council regarding the interior designs and finishes in the building.

As we near the mark of going to bid for the project city staff and Wold Architects would like to do a check in with the council regarding the current status of the project including cost estimates, state bonding, and the borrowing market. Wold will provide a presentation and staff will have some updated financials once received at the meeting.
