1. 2023 Street and Project Tour

The purpose of the street and project tour is to view current road conditions, see areas that need improvements, and to view current projects across the City. The road tour focused primarily on roads indicated in the CIP. Council and staff drove on East Viking Boulevard and talked about the bridge on East Viking needing to be reconstructed. Then they looked at conditions on West Comfort Drives, 256th street, Thurnbeck, Fallbrook Avenue and Hillcrest Drive. Council and staff looked at current developments across the City including: Heims Lake Villas and Summer Fields. There was also discussion on staff working to get quotes to help patch the abundance of potholes.

The Street and Project Tour ended at 7:20PM.
